

SPECIAL FILING INSTRUCTIONS 2002 - 2003 NIB/NISH REQUEST FOR OFFER

SECTION 1 TERMS AND CONDITIONS

1-1. GENERAL: The following Request and its Special Filing Instructions (SFI) are provided in addition to the terms and conditions of the General Services Administration's (GSA's) Standard Tender of Service (STOS), General Freight Traffic Management Program, GSA General Freight Tender of Service No. 1-F (GSA TOS No. 1-F), supplements and reissues thereto. However, certain provisions and requirements of this Request and its SFI may deviate from and supersede those published in the STOS, GSA TOS No. 1-F.

Traffic to be included under this Request and its SFI will be freight-all-kinds (FAK) shipments moving via closed van for all less than truckload (LTL) (0 pounds to 10,000 pounds) shipments and all truckload (TL) (20,000 pounds to 40,000 pounds and over) shipments. Rates will be applicable only to interstate shipments moving in the Continental United States (CONUS) and the identified intrastate shipments within CONUS. Rate offers will only be accepted for:

The National Industries for the Blind (NIB) and the National Industries for the Severely Handicapped (NISH) Work Centers as identified in Section 8, Paragraph 8-1.B.

1-2. EFFECTIVE PERIOD: All acceptable rate offers submitted in response to this Request and its SFI will be for the period November 1, 2002 through October 31, 2003.

1-3. SUBMISSION OF RATE OFFERS: Rates offered in response to this Request and its SFI MUST be submitted via the File Transfer Protocol (FTP) of the Internet (I-FTP) in accordance with Sections 8, 9, and 10.

1-4. FILING PERIOD:

A. INITIAL FILINGS: Rate offers made by those firms approved to participate in GSA's Freight Management Program are due by 4:30 p.m. Central Standard Time, **August 7, 2002**, and will be processed in accordance with Paragraph 1-4.C., below.

B. REFILINGS OF ELECTRONICALLY SUBMITTED FILING DEFICIENCIES: Electronic rate filings received between **July 8, 2002, and August 7, 2001**, which do not meet the requirements as stated in this Request and its SFI will be considered unacceptable, rates will not be included in the data base, and the firm will be notified of the deficiencies by GSA's Heartland Zone Office by facsimile and/or telephone. If a firm's rate offer is submitted in accordance with this Request and its SFI by a Rate Filing Service Provider or a Tariff Publishing Agent, the Rate Filing Service Provider or the Tariff Publishing Agent will be notified of the deficiencies and not the firm. Corrected rate offers **must be** resubmitted within **ten (10) calendar days** after receipt of notification. In those instances where corrections are not received within the **ten (10) calendar days** after notification, rate offers will be considered unacceptable and the firm will not be allowed to refile. Corrected rate offers received within the required ten (10) calendar days will be entered into the database effective November 1, 2002.

C. ACCEPTED/EFFECTIVE DATE: Initial rate offers allowable under Paragraph 1-4.A. will be processed by November 1, 2002, except in those instances of a failure to meet the resubmission requirements of corrected Rate Filing Deficiencies as identified in Paragraph 1-4.B

D. CARRIER NOTIFICATIONS: If the submitting firm receives no communication from GSA pursuant to Paragraph 1-4.B. by November 1, 2002, the firm is on notice that its rate offer(s) has been accepted and transmitted to its designated Tariff Publishing Agent for publication, or in the absence of a designated Tariff Publishing Agent, its rate file(s) has been offered to GSA's Office of Transportation Audits.

1-5. APPLICABILITY OF RATE OFFERS: By submission of a rate offer to GSA for the traffic identified in this Request and its SFI, the offeror agrees that it can and will service the identified origin facility for which a rate is offered and all points within each identified destination State and/or destination service area for which a rate is offered.

1-6. OPTION TO EXTEND: The Government reserves the right to extend the expiration date of all or part of the rate offers accepted in accordance with this Request and its SFI for up to ninety (90) days.

1-7. TERMINATION:

A. The following provision will apply in addition to Item 20.e. of the Optional Form 280:

1. Accepted rate offers may be terminated upon determination that a Carrier has failed to satisfactorily respond to a show cause notice(s); and
2. Accepted rate offers may be terminated by the Government immediately upon the debarment or suspension of the Carrier in accordance with the Code of Federal Regulation (CFR) 102-117.

B. Upon termination of the rate offer under 1-7.A.1 and/or 2 above, the Carrier shall be paid any sum due the Carrier for services performed under this Request and its SFI to the date of such termination; and in the event of partial termination, shall be paid in accordance with the terms of this rate offer for any services furnished under the portion of the rate offer that is not terminated; provided any such payments shall be without prejudice to any claim which the Government may have against the Carrier and the Government shall have the right to offset any such claims against such payment.

1-8. TERMINATION FOR CONVENIENCE OF THE GOVERNMENT: The Government, by written notice, may terminate all or part of the rate offers accepted in accordance with this Request and its SFI when it is in the Government's best interest. If a rate offer(s) is terminated, the Government shall be only liable for payment for services rendered before the effective date of the termination.

1-9. CONTACTS: Questions dealing with this Request, its SFI, or the STOS should be directed to Maria Gutierrez at (415) 522-2846 or by e-mail at maria.gutierrez@gsa.gov. Questions dealing with the submission of electronic rate offers should be directed to Carey DeForest at (816) 823-3646 or by e-mail at carey.deforest@gsa.gov.

SECTION 2 EVALUATION AND ACCEPTANCE

2-1. EVALUATION: The GSA Transportation Management Branch, San Francisco, CA, will conduct all evaluations. Carrier notification of acceptance will be in accordance with Paragraph 1-4.D.

2-2. ACCEPTANCE: Accepted rate offers will be contained in GSA's Interagency Transportation Management System (ITMS). When identified in ITMS, the acceptable rate offers will be listed based on price only. The listing of firms and their rate offers will be based on the anticipated shipping date, the origin of the shipment, the destination of the shipment, the weight of the shipment, the number of miles between the origin and destination of the shipment, and any accessorial services requested by the customer agency. Firms with applicable rates for the requested shipment will be listed on the cost comparison in cost ascending order. In the case of brokers and shippers agents/Intermodal Marketing Companies, please note that the broker's name and/or the shipper agent's/Intermodal Marketing Company's name and not the names of its underlying carriers will be identified on cost comparisons. However, when rate information is made available either to a Tariff Publishing Agent or to GSA's Office of Transportation Audits in the absence of a Tariff Publishing Agent, rate information will be submitted in the name of the broker's and/or a shipper agent's/Intermodal Marketing Company's underlying carriers and not in the name of the broker and/or the shipper agent/Intermodal Marketing Company.

If the occasion arises when two or more firms have offered the exact same rate offer (both for transportation and the requested accessorial services), then the firms will be listed on the cost comparison in alphabetical order according to the firm's names.

PLEASE NOTE: The GSA Transportation Management Branch, San Francisco, CA, may take other factors into consideration when routing shipments other than just price. As a result, the listing of firms on a cost comparison is for viewing/verification purposes only and does not guarantee any traffic will be awarded.

SECTION 3

SECTION 9

FORMAT REQUIREMENTS FOR THE SUBMISSION OF ELECTRONIC RATE OFFERS

9-1. FILE FORMAT REQUIREMENTS FOR THE SUBMISSION OF ELECTRONIC RATE OFFERS: Firms submitting rate offers for the identified NIB/NISH Work Centers **MUST** submit their rate offers electronically via the File Transfer Protocol (FTP) of the Internet (I-FTP). Carriers not utilizing the rate filing capabilities of the Interagency Transportation Management System (ITMS) must adhere to the file format requirements identified in this Section when creating rate offers for submission. Rate offers received which do not conform to these format requirements will be found unacceptable. Please note that Section 9 can provide general information to those carriers utilizing ITMS to create their rate offers. A **SEPARATE** rate offer must be submitted for **each** NIB/NISH – Agency Code identified in Section 8 for which a firm submits a rate offer.

NOTE: When the rate file is complete, it **MUST** be saved as an unformatted ASCII (Text Only) flat file (e.g. no tab characters, etc.) before attempting to transfer the file.

9-2. CARRIER BILLING/REPORTING RECORD FORMAT REQUIREMENTS: In addition to each carrier's header records and rate records, for all rate offers filed in accordance with this RFO carriers must file ONE SET of the following "F Records" at the beginning of EVERY RATE FILE submitted to GSA. When creating Billing/Reporting records, Header records, and Rate records use all UPPER CASE LETTERS.

If offering different percentages, enter the percentage for each Required Item in ascending order as they appear in the No. 100-D and Item 3-2.A.1 of the TOS 1-F. The first three positions must be zeros (000). For example, the beginning of your entry could be: 000095077110. For those Required Items identified by ** in Item 3-2.A.1. of the TOS 1-F, firms are not required to offer a percentage unless they choose to do so. B. Rate Record for Rate Offers Based on a Percent of the Minimum Charge and a Percent of the Less Than Truckload Rates Identified in the GSA Baseline Rate Table Publication No. 1000-D and Cents Per Mile for Truckload Rates when Applied Based on a Mileage Scale and not a State to State Basis as in 9-4.A., above:

RECORD FIELD	POSITIONS	CONTENTS
Record ID	1-2	B3
From/To	3-6	Origin State (state in which the appropriate NIB/NISH Work Center is located) and Destination State/Destination Code.
Phone Number	7-18	Phone number that requesting customer agency should utilize in order to book the shipment for this particular from/to rate application.
Percent of Minimum Charge	19-21	Percent of the Minimum Charge Base Rate being Offered. Examples: 094, 105. If not offering a Percent of Minimum Charge, enter zeros (000) to indicate Not Applicable. (See Note Below)
Percent of Less Than Truckload	22-24	Percent of the Less Than Truckload Base Rate being Offered. Examples: 078, 103. If not offering a Percent of Less Than Truckload, enter zeros (000) to indicate Not Applicable. (See Note Below)
Cents Per Mile Truckload	25-27	Cents per Miles offered for Truckload shipments. Examples: 090 (\$0.90 cents per mile), 101 (\$1.01 cents per mile).
Minimum Truckload Charge	28-33	Minimum Truckload Charge in Dollars and Cents. Examples: 045000 (\$450.00), 130000 (\$1,300.00). A Minimum Truckload Charge must be entered if a cents per mile offer is entered.
Beginning Mileage	34-37	Mileage at which the Cents per Mile rate begins. Example: 0000 (for 0 miles), 0100 (for 100 miles). See Contents for positions 38-41 below for further explanation.
Ending Mileage	38-41	Mileage at which the Cents per Mile rate ends. Example: 0050 (for 50 miles), 0200 (for 200 miles). Using the beginning mileage of 0000 and an ending mileage of 0050 with a cents per mile rate of 097 (\$0.97) would indicate that for any shipments moving from the origin/destination identified in positions 3-6 that was between 0 and 50 miles, it would be rated at \$0.97 cents per mile. If firm wants to enter rates for the same origin/destination states at different mileage breaks (say 0051 to 0100), then it would have to create another B3 record.
Required Item Percentages	42-174	Required Item Percentage for the Accessorial Services containing rates and charges as identified in the GSA National Rules Tender No. 100-D. If offering the same percentage for all 43 Required Items, enter that percentage in the first three positions (42-44). Examples: 090, 100. The remaining positions (45-174) may be left blank. If offering different percentages, enter the percentage for each Required Item in ascending order as they appear in the No. 100-D and Item 3-2.A.1 of the TOS 1-F. The first three positions must be zeros (000). For example, the beginning of your entry could be: 000095077110. For those Required Items identified by ** in Item 3-2.A.1. of the TOS 1-F, firms are not required to offer a percentage unless they choose to do so. If not offering a percentage for these items, enter zeros (000) in the appropriate positions for those Items. Percentages must be offered for all Required Items not indicated with **. (See Note Below)

Please Note: When filing multiple B3 rate records for the same origin/destination pair to indicate different mileage scales, the same percent of Minimum Charge and the same percent of Less Than Truckload must be offered for the same origin/destination pair. In addition, only one (1) set of Required Item Percentages can be offered for the same origin/destination pair. If they are differences between rate records, GSA will accept the first reference in each instance applicable and will copy that reference to all other applicable references.

SECTION 10 ELECTRONIC RATE TRANSMISSION SPECIAL INSTRUCTIONS

10-1. SUBMISSION INSTRUCTIONS: All electronic rate transmissions submitted in accordance with Sections 8, 9, & 10 of this Request and its Special Filing Instructions (SFI) **MUST** be via the Internet utilizing the File Transfer Protocol (I-FTP). Below are the instructions for accessing the I-FTP.

NOTE: If your firm intends to transmit its rate offer(s) via I-FTP without utilizing the services of a Rate Filing Service Provider (RFSP) or Tariff Publishing Agent (TPA) and your firm does not already have an assigned **User ID and Password** under GSA's Freight Management Program, you will need to notify the Central Zone Office in order to receive your firm's User ID and Password. Requests for a User ID and Password may be emailed or faxed to the attention of Carey DeForest at carey.deforest@gsa.gov, or (816) 823-3656. The response from GSA assigning your firm's User ID and Password will either be emailed or faxed, so please be sure to include your firm's email address or facsimile number when submitting your request. Please be aware that it will take several days upon receipt of a firm's request to process and assign the firm's User ID and Password.

A. **FORMAT REQUIREMENTS:** Electronic format requirements as set out in this Request and its SFI must be strictly adhered to. Submissions received from firms, Rate Filing Service Providers, or Tariff Publishing Agents not conforming to format requirements identified in Section 10 and Sections 8 & 9 will be found unacceptable.

B. FILE PREPARATION:

1). **VIA ITMS:** Create rate offers, validate rate offers, make necessary corrections, if any, re-validate until all is correct, and then encrypt the rate file before transmitting via I-FTP.

2). **Via Section 10:** In order to transfer the rate file(s) via the I-FTP, the file(s) **must** be saved and transmitted as an unformatted, ASCII (TEXT ONLY) flat file (e.g., no tab characters, etc.). The file **must not** have a top, bottom, right, or left margin. If a firm submits more than one (1) rate file, each rate file must have a different filename.

10-2. FILE NAMING CONVENTION: All electronically transmitted rate offers must adhere to the following File Naming Convention:

RECORD FIELD	POSITIONS	CONTENTS
Carrier's SCAC or Rate Filing Service Provider's or Tariff Publishing Agent's Code	1-4	Enter the Carrier's SCAC if transmitting rates itself. Enter Rate Filing Service Provider's or Tariff Publishing Agent's Code if transmitting rates on behalf of a carrier. If all four (4) positions are not utilized, enter an underscore(s) (_) at the end.
Rate File Number	5-8	May be alpha, numeric, or a combination
Extension	9-12	MUST be .FRT

Examples: ABCD_CDC.FRT, AAAA1234.FRT, CCC_1999.FRT

If as a carrier, RFSP, or TPA, you are unsure as to your firm's SCAC (up to 4 positions) or code (up to 4 positions) in GSA's Freight Management Program, please contact Carey DeForest at (816) 823-3646 or via e-mail at carey.deforest@gsa.gov, respectively, for verification.

The file naming convention identified above MUST be strictly adhered to. Failure to do so will result in the rate offer(s) not being picked up from your firm's directory on the FTP and/or automatic rejection of the rate offer(s).

10-3. ACCESSING THE I-FTP: GSA is unable to provide specific instructions on how to access the I-FTP, how to upload a rate file onto the I-FTP, how to download a rate file from the I-FTP, or how to move around in the I-FTP due to the fact that accessing and operating within the I-FTP are dependent upon the type of Internet software utilized by a firm. Consequently, a firm will need to contact their I-FTP provider for assistance. Listed below is information we can provide--the address to GSA's I-FTP directory and two different methods (there are others) by which to access your firm's individual directory in which you will need to place your firm's rate file(s):

A. I-FTP Address:

ftp://KCFTP.GSA.GOV
OR
ftp://159.142.64.16

B. Method to Access Individual Directories (items in **BOLD** are words/phrases that you must type in exactly:

FTP>**CD CARRIERS**\User ID
OR
FTP>**D:\PUB\CARRIERS\USER ID**

10-4. CONFIRMING RATE TRANSMISSIONS: Each business day morning, the Freight Program Management Office (FPMO) will run a program that will automatically search the carrier FTP directory and count the number of rate records contained in a file that has been transmitted since the last time the program was executed. Once counted, the program will automatically place a file in the appropriate carrier's FTP directory verifying the number of rate records received. This file will be named (SCAC)FRT.txt. Carriers can use this .txt file to confirm that the FPMO has received the appropriate number of rate records. This .txt file only confirms the number of rate records received – it does not validate the content or formatting of data contained in the carrier's rate offer. If appropriate, carriers will receive notification of rate filing deficiencies in accordance with Section 1, Paragraph 1-4.B. of this Request and its SFI.
